- Youth who have a mentor are **55% more likely to enroll in college** and **78% more likely to volunteer regularly in their community**
- Mentorship has been shown to have a positive impact on a youth's mental health, including increased self-esteem and decreased symptoms of depression
- RTS is a goal-oriented program with over 1,100 youth who have finished a half-marathon. Our mentors help the youth achieve their goals and provide them with valuable guidance and support along the way
